Coverall

PRU-74/P Flight Suit (Coverall)

The PRU-74/P Coverall provides **flame protection** using a **flame-retardant fiber** that improves thermal comfort and wicks sweat away from the skin.

This novel outer layer **reduces bulk,** and is **soft, lightweight,** and **moisture wicking.** It provides full body (except hands and feet) flame protection to the wearer.

The PRU-74/P Coverall is **abrasion-** and **tear- resistant.** It is used as an overlayer with the PRU-76/P Undergarment, Chemical, Biological, Radiological Layer (CBRL) to provide protection from liquid chemical exposure.

The PRU-74/P Coverall is **currently fielded** to United States Air Force F-22 pilots.

The PRU 74/P **integrates with** the **CWU-111/P** Undergarment Outfit, Extreme Cold Weather (Environmental Protection Layer); **CWU-112/P** Undergarment Outfit, Extreme Cold Weather (Thermal Undergarment); **PRU-76/P** Undergarment, Chemical, Biological, Radiological Layer (CBRL); **PRU-72/P** Survival Vest; **PRU-73/P** Pressure Vest; and the **PRU-75/P** Life Preserver Unit (LPU).
